Life is the most precious gift that has to be respected in all forms and stages. We live in a world where there is division and discrimination that divides the society based on abilities and disabilities. Mrinaljyoti is an endeavour to bring dignity to life and to make a rightful place for everyone in the society. The services rendered by the organization for last many years speak volume about the human care that has made many to walk joyfully in the journey of life.

I deem it a privilege to write this presidential message as it has filled my life with grace and satisfaction. Whatever least we do to the brothers and sisters in society we do to God. It has been a yeomen service together with many hearts and hands that enabled this organization to reach out to the marginalized and help them to rehabilitate in whatever areas possible. The aim and objective of this organization is to help the special needs children for their education, treatment, intervention and rehabilitation. The challenging task is 'acceptance and awareness'. Most of the beneficiaries are not willing to avail the services as the stigma and discrimination is very high in the society. It is time now that we need to make an extra effort in reaching out to these persons who are in need of help and support.

In this endeavour to reach out to the marginalized it is my duty to acknowledge and appreciate with a note of gratitude to all those who have contributed for the growth and welfare of this centre. I sincerely appreciate these individuals, associations and organizations for their generous participation namely Oil India Limited, NEEPCO, AGCL, Zaloni Ladies Club, Rotary Club - Duliajan, Media Houses, Public Administration, parents of Children with Disabilities, Executive Committee of MRC and others who silently work behind the success of this organization.

Some of the salient features of this organization are enabling the children with disabilities to become self-sufficient and self-reliant. The services rendered help the children to manage themselves by involving themselves in various activities that seems fit for them. It has raised their efficiency in managing their disabilities. Parents are taught how to take care of these children who need help and assistance. The counseling processes by the professionals helps the parents and care takers to handle the children with care and dignity which is the hallmark of the organization. The community is prepared to accept these children and makes sure that they find a rightful place in the community.

It is indeed a great joy for me to reach out to these children through this presidential message and to thank each of you for your share in this humanitarian task. Let us continue the good work and make a better society by our contribution and participation.

Fr. G.P. Amalraj
President
Mrinaljyoti Rehabilitation Centre, Duliajan

Pursuing the dream to empower Persons with Disabilities, Mrinaljyoti Rehabilitation Centre has successfully accomplished 23 years of Glorious journey and to commemorate this journey, we are going to celebrate its Silver Jubilee in the coming year 2023-2024.

The Covid-19 outbreak has created havoc in the lives of students due to shutting down of schools and the decision of shifting traditional classrooms to digital platforms. Which not only increasing learning inequality among children, but also pushing a large number of children out of school due to the digital divide. Other than learning, the absence of schooling would also have a long-lasting effect on the health and nutrition of children. Likewise others, the children With Disabilities who are completely dependent on their teachers have severely affected in their education and training in this crucial period. During this period, our dedicated team of Mrinaljyoti gave their best services to help and support these vulnerable persons of the society by any means. They have adopted the online and telephonic mode to guide the parents and the family members and keep a constant check on the development of the beneficiaries. We were also availing food and nutrition's support to the beneficiaries during this period.

After the covid-19 outbreak was over and returned to normalcy our regular classes, treatment, therapy, day to day field activities, Community based rehabilitation program, awareness camp have started as usual. Moreover this year we are focusing more on vocational training, Livelihood support etc. for the specially abled persons and also engaging them in different productive work so that they becomes self reliant economically and can attain a dignified life like others.

Our Continuous services are possible only because of the support of helping hands and well wishers only. In this regard I would like to express my gratitude to Oil India Limited, Duliajan, Assam Gas Company, Neepco, WIPS, Zaloni Ladies Club, Inner Wheel Club and all other well wishers for their continuous support and guidance and also to the Executive Members and my dedicated staff to carry forward and fulfill the objectives of the organization.

Hope in coming days we can provide more services towards the upliftment of specially abled Persons and the society as a whole.

Regards,

**Amiya Pathak Borpujari
Secretary cum Principal (Hon.)
Mrinaljyoti Rehabilitation Centre, Duliajan**

3. Independent Projects

3.1: Schooling (Special & Inclusive)

Since its outbreak two years ago, the covid-19 pandemic has disrupted our education system. Like the others, the children With Disabilities who are completely dependent on their teachers were severely affected in their education and training in this crucial period. When it comes to children with disabilities, the situation is an additional challenge. The lack of access to education services and child development programs in centers due to the pandemic has been a source of agony to the children with special need and their families. Keeping in view of such situation we have introduced teaching, guidance through online mode. Which help a lot for continuing their academic advancement during this pandemic time.

Returning to normalcy after Covid-19, physical classes of Mrinaljyoti Rehabilitation Centre has begun as usual. The organization started regular classes for the children with Disabilities who have the ability, by adopting the State Syllabus. Students who are already in the age group of 14 and above and, have the capacity to continue their education; they were enrolled under the NIOS. At present the organization has Children with various Disabilities in its School set up. We are also continuing our special education unit for the profound and severe children who cannot be left out because they need continuous support. These children join the Inclusive set up students during the extra curriculum activities such as sports, yoga, dance, sign language class etc.

3.2: Early Intervention

Early intervention Centre, is an actively running centre in the Mrinaljyoti campus for the children from age 0 to 10 yrs. Children having Cerebral palsy, autism, hearing Impaired, intellectual disability and multiple disability are having the therapy sessions. Due to Covid-19 outbreak from the year, 2020 May, we immediately started the online whatsapp group. Now at present there are total 60 participants.

From 2021-2022, the services imparted are home visits, field visits, dry ration distributions to the needy families. Around 20 nos. of children are receiving dry rations, medicines and other types of services every month.

Regular contact with the children through online modes, whatsapp group chats, webinars, parents meet is being continued. Field survey for those who could not come regularly are done and accordingly feedbacks are taken from the parents. Monthly Local Project committee meeting is held in the premises of Mrinaljyoti to discuss the overall activities of Disha project as well as the early intervention.

Parents training and sensitization programs are held to impart basic training and home based management to the parents.

Mainstreaming is an important aspect and primary objectives of the early intervention centre. Few of our children are able to get admitted in the regular school since 2017.

Self employment is an important ingredient for combating poverty and achieving inclusion for all persons, including Persons with Disabilities(PwD).That is why we are continuing our skill development trainings for the Persons with Disabilities so that they can attain a dignified life like others in the society.

INDEPENDENT AUDITOR'S REPORT

To the Management of MRINALJYOTI RAHABILITATION CENTRE, KUMUD NAGAR, DULIAJAN,
Dist. Dibrugarh, Assam

OPINION

We have audited the accompanying financial statements of MRINALJYOTI RAHABILITATION CENTRE, KUMUD NAGAR, DULIAJAN, Dist. Dibrugarh, Assam, which comprise of the Balance Sheet as on 31-03-2022 and the Income & Expenditure Account then ended and the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

1. *In so far it relates to the Balance Sheet, of the state of affairs of the Society as on 31st March, 2022; and*
2. *In so far it relates to the Income and Expenditure account, of the Deficit being excess of expenditure over income of the Society for the year ended on 31-03-2022.*

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Society in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Society in accordance with accounting principles generally accepted in India; this includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in

accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
